DETAILED ACTION

Claims 20, 28 and 29 are currently pending in the instant application. Applicants have cancelled claims 12, 14 and 27 and added new claims 28 and 29 in an amendment filed on September 24, 2008.

I. *Response to Arguments/Remarks*

Applicant's amendment, filed on September 24, 2008, has overcome the rejection of claims 12, 14 and 27 under 35 USC 103 as being unpatentable over Smith, et al. (US 2004/0267028) and the rejection of claims 12, 14 and 27 under 35 USC 112, first paragraph as not being enabled for a solvate of the claimed compounds. The above rejections have been withdrawn.

However, upon examination of the current amendments to the claims, a new ground(s) of rejection is made in view of claims 28 and 29 under 35 USC 112, 1st paragraph for failing to comply with the written description requirement.

II. *Information Disclosure Statement*

The information disclosure statements (IDS) submitted on December 12, 2008 is in compliance with the provisions of 37 CFR 1.97. Accordingly, the information disclosure statements have been considered by the examiner.

III. *Rejection(s)*

Claim Rejections - 35 USC § 112, 1st paragraph

Art Unit: 1626

The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

Claims 28 and 29 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. Specifically, Claim 20 is drawn to a list of specific compounds which are used as intermediates in the specification. Applicants have not specifically disclosed any description of the claimed intermediates being prepared into salts or being used in pharmaceutical compositions in the original disclosure. Applicants are suggested to cancel claims 28 and 29 to overcome the rejection.

IV. Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any

Art Unit: 1626

extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
